Hanging Clip

SOLARMOON™ Series Solar Rechargeable LED Lighting KIT

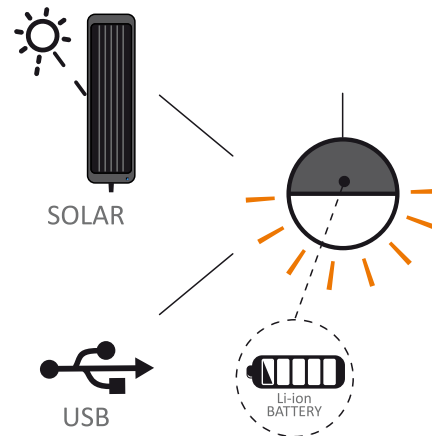

Product Overview

The SOLARMOON™ KIT is a high efficiency LED Rechargeable luminaire with integrated Lithium battery that can be charged by the included solar panel or USB adaptor. More than 6 hours of light when fully charged.

Great for lighting terraces, balcony, gazebos, sheds, garden, outbuildings, camping, caravanning, boats, parties and more

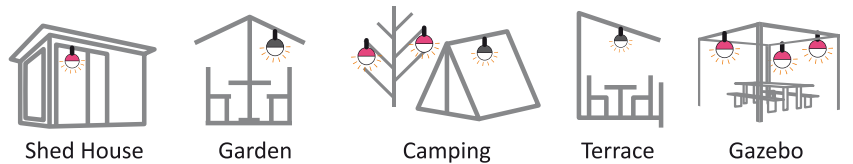

Very Easy to use. No installation. Hanging Clip included.

The Solar Panel charges the integrated battery when it is exposed to sunlight and it is able to charge in any weather condition.

SOLARMOON™ Technique Features
